CLIENTS

Every year some of the most notable brands rely on DJ Dan Fudim to put together impactful events to boost sales, build customer relationships, and honor their employees.

PHOTO BOOTH

Photo booth rental for weddings, parties and corporate events. My fleet of photo booths have a few things in common: they're sleek, modern and will level up any event. Whether you're hosting a corporate event or a social function. A professional grade camera, studio lighting equipment and a touch screen, all enclosed in a clean and modern kiosk.

ROOM UP-LIGHTING

Though uplighting isn't a standalone solution for making a reception pop, it is an integral part of the overall lighting design package that will emphasize your décor elements and bring out the beauty of your venue. Uplighting is the placement of individual light sources at the base of architectural details or points of interest, typically around the perimeter of a space, to draw attention to those details.
