DJ Dan Fudim Services, Upgrades & Enhancements

DJ SERVICES

We are focused on creating a tailor-made experience crafted to bring your vision to life, with music at the heart of our work. We work closely with our clients to make sure every guest is satisfied and excitedly talking about your event long after it's over.

PHOTO BOOTH

Photo booth rental for weddings, parties and corporate events. My fleet of photo booths are sleek, modern and will level up any event. They have a professional grade camera, studio lighting equipment and touch screen, all enclosed in a modern kiosk.

ROOM UPLIGHTING

Though uplighting isn't a stand-alone solution for making a reception pop, it is an integral part of the overall lighting design package that will emphasize your décor elements and bring out the beauty of your venue. Uplighting is the placement of individual light sources at the base of architectural details or points of interest, typically around the perimeter of a space, to draw attention to those details.

EVENT HOST

Our event hosts are charismatic and professional, bringing energy without going overboard. They're trained to enhance the event, not steal the spotlight.
